BBDU/Res./2023-24/46

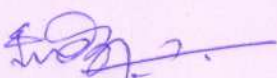

18.12.2023

NOTIFICATION

This is for the information of all concerns that INFILIB Centre (an inter-university centre of UGC) under its ShodhShuddi program is providing Drillbit-Extreme Plagiarism Detection Software (PDS) in place of existing PDS - OURIGINAL. In view of the above, the University has agreed to use the PDS Drillbit from now onward for checking the plagiarism of all thesis/Dissertations/Research Reports submitted for the award of the degree in the University.

A centralized service for plagiarism detection will be offered through the Central Library in accordance with the Academic Integrity Policy of the university as per notification BBDU/Registrar/2019-20/Res/004 dated 5/7/2019. To avail the centralized service from the Central Library, the scholar may submit the soft copy (.pdf format) of the thesis with an application in the prescribed format to the Librarian. After due process the thesis plagiarism check report shall be issued by the Librarian. In case the similarity level is higher than the accepted level, the candidate will be required to submit the thesis again after due corrections/ modifications for the plagiarism report. If the similarity level remains higher than the accepted level in the second report, the candidate will be allowed to apply for the third check only with a report of his/her Research Guide verifying that the similarity of text is within the accepted level.

For other documents such as research papers and other research publications, the faculty members may request the access to the software through email at uaip@bbdu.ac.in.

(Dr. S. Ahmad Ali)
